

Dr. Veena Ravikumar, Delhi: „Post Elections: India-Pakistan Relations“

Prof Ravikumar is Associate Professor at the Department of Political Science, Lady Shri Ram College, Delhi. Foreign policy and security issues in Asia and beyond are among her main research interests.

In her lecture Prof Ravikumar will analyse and track the approaches to foreign policy making after the recent elections, especially in the case of India-Pakistan relations. She will explore the post election scenario to see whether India-Pakistan relations may, after all, go through a great resurgence not seen in the face of divisive, religious politics being played out before.
